Teacher of Teachers, Healer of Healers, SoulHealth Expert  
Chakaura™ CEO, n,d Practitioner, Medicine Woman,  
Speaker, Author, Philanthropist

For over 30 years, Michèle Cleveland-St. Amour, described as a modern-day mystic, has offered her wisdom to thousands of people, as a Keynote Speaker, through her programs, and as a Practitioner, on the importance of a healthy Soul connection to improve their lives. She introduces Chakaura; new knowledge and practices of the laws and protocols of the dimensions of the subtle energy of the Soul, where all of our life experiences are, in fact, created. Her motto, "From the Soul, Through the Mind and Into the Body" is the foundation of all her teachings.

Michèle is a highly gifted intuitive Speaker. She is known for her SoulSeer abilities, and her gift of Prophecy, from her First Nations Aboriginal and Scottish Franco-Saxon roots. Her ability to see the invisible realms of the Soul helps her guide people to their Soul purpose and help them SoulHeal. She has worked in solving numerous RCMP and FBI cases using her highly developed senses. Those years taught her we are far more capable and superhuman than what we could ever imagine, we just need to learn how to ground the right power source; our Soul!

She is a very grounded, no-nonsense and matter-of-fact Speaker teaching ways we can stay in balance within ourselves and with our natural environment. She offers her services and programs at the Chakaura™ Institute of S.O.U.L., a Transformative, Educational and Clinical Centre. Michèle's ability to "light-up a room" initiates deep healing and transformation. Her engaging, and energetic presence inspires her audiences to make that next step in their personal journeys to self-fulfillment. People often share the feeling of "coming home" when in her presence, and others have shared of self-healing and deep realizations after spending time with her.

She is the author of **Chakaura Awakening The Muse**, a life-changing novel based on her own life experiences and adventures. She shares this is everyone's story on the path of Awakening. This novel is being made into a major film and series, bringing guidance to an unstructured world. Chapter 1 opens with **The Prophecy**; a foretelling of these times!
